

Activities to do in the Park:
Scavenger colour hunt
to make a colour wheel
(an activity that needs a digital camera)

Go on a photo colour hunt and make your own colour wheel

- Look around for similar colours as shown in the colour wheel.
- Leaves, flowers, sky- take a photo of whatever takes your fancy.
- If you like, make two colour wheels with natural and man-made materials.
- To keep track, print out this page and tick of the colours you already found
